Subject: Road Improvements - B4555 From Ingram Lane End Sutton to Haybridge Severn Valley Railway Underpass – 14 November 9.30am-4.00pm

Good morning,

I am writing to let you know that we are planning to carry out road improvements on the B4555 from Ingram Lane End Sutton to Haybridge Severn Valley Railway Underpass. On 14 November from 9.40am-4.00pm diversions will be in place. This work prevents more water getting into the road structure and causing more serious damage at a later date.

Access to businesses and properties will be maintained during closures. Workmen on site will direct you to the safest entry point through the works and route to your destination. This may be from the further side to your destination. There may be some delay to your journey as things are made safe.
